

Matt Black Luxury Straight Stainless Steel Grab Rail with Concealed Fixings

Product Detail:

The 'T-Bar' grab rail is available in three sizes – 355mm, 480mm and 680mm, with two modern options in style – straight or curved.

The rails have concealed fixings and are manufactured using a high-quality stainless steel.

The straight rails are Doc M compliant, and can be included when designing your own NYMAS Doc M pack as we believe compliance should not compromise on style.

The new NYMAS rails are the perfect solution when creating a stylish accessible washroom.
